

Hey counselors!

Student registration for [ArkACRAO fall 2022 college fairs is NOW OPEN!](#)

Save time and effort at the fair by having your students register now. Instead of wasting time filling out prospect cards at each table, students bring a barcode to the fair to be scanned by college reps. This way, students spend more time asking questions and engaging with reps.

Students can register themselves at <https://gotocollegefairs.swoogo.com/Registration> or by scanning the QR code.

Counselors can also bulk register all their students at once using GoToCollegeFairs express student registration through your Counselor Dashboard.

Are you taking advantage of GoToCollegeFairs' [FREE Counselor Dashboard](#)? It provides counselors with insightful data about your students to help them find the right higher-ed fit.

[Check out this short overview](#) to learn more about the reports and features available, including [Express Registration](#), or watch a quick video walking you through the dashboard's benefits: [Meet Jane](#), [Why and How To Register Students for College Fairs](#).

Have your CEEB code handy and [sign up](#) for your Counselor account today.

If you have any questions regarding GoToCollegeFairs, please contact [info@gotocollegefairs.com](mailto:info@gotocollegefairs.com).

Best,

Your partners at ArkACRAO & GoToCollegeFairs
